ENVIRONMENTAL LAW AS A CHALLENGE

Shteryo Nozharov, Ph.D.[1]

Abstract: The publication examines the patterns of Bulgarian environmental law, regulations, by comparative analysis of the structure of EU environmental law. Is discussed the separate components and environmental factors by analyzing the statutory mechanisms for the prevention and identification of environmental violations. Attention is drawn to the deficient case law on environmental law in Bulgaria and the lack of progress on the issues listed in the directory interpretative decision of the Plenum of the Supreme Court since 1978.
